

2026 Breast Cancer Case Conference

2026 Breast Cancer Case Conference -

February 25, 2026 | 7:30 AM – 8:30 AM

Hoag Radiation Oncology Library

DESCRIPTION

Breast Cancer Tumor Boards are weekly case-based conferences where an audience of multidisciplinary healthcare professionals discuss and apply the current standards of oncology care and clinical practice guidelines to optimize the management of patients with breast cancer.

OBJECTIVES

- 1 Apply the current standards of oncology care and clinical practice guidelines to optimize the management of patients with breast cancer.
- 2 Review new, emerging, and novel therapeutic agents and treatment strategies and incorporate these into the management of patients with breast cancer.
- 3 Communicate the importance of a multidisciplinary approach and improve the collaborative performance of the interprofessional oncology care team in the management of patients with breast cancer.
- 4 Assess the appropriate use and application of mammographic imaging technologies including: 2D, 3D tomosynthesis, magnification, and spot compression in the evaluation and management of breast cancer cases, while incorporating radiation safety principles.

ACCREDITATION

Hoag Memorial Hospital Presbyterian is accredited by California Medical Association (CMA) to provide continuing medical education for physicians.
